

Lexmark MS811 and MS812 Series

MS812de

Star performer. Stellar finish.

The Lexmark MS811 and MS812 Series produce documents that steal the show. With faster print speeds and multiple finishing options, these systems are built to satisfy the most demanding corporate offices. Want 2-sided printing capability? Get the MS811dn or MS812dn. Need productivity solutions? Get the MS812de.

Powerful productivity that sets the pace.

Stay a step ahead by getting more work done faster. These super-efficient systems can meet your most demanding expectations.

Faster processing: Improve your print speeds by taking advantage of up to 2.56 GB of memory, an 800 MHz dual-core processor and Gigabit Ethernet.

Up to 66 ppm

Multiple media

Finishing function

Solution

Reliable high performance: Print up to 75,000 pages per month with the MS811 Series or 100,000 pages per month with the MS812 Series. Plus, enjoy fewer maintenance hassles with our state-of-the-art paper handling.

Keep jobs moving: With a maximum input capacity of up to 4,400 sheets and an extra high yield toner cartridge, you won't have to add paper or change cartridges as often.

Spend less time waiting: Print from 60 to 66 pages per minute, and produce your first page in as little as 4 seconds.

Look professional. Work smarter.

The MS811 and MS812 Series produce documents that are presentation ready, automatically finishing the pages based on your preferences. Our easy-to-use control panel makes it simple.

Easy-to-use displays: The bright 6cm (2.4-inch) colour display lets you stay on top of your work. Need more control and productivity solutions? Get the MS812de with the 17.8 cm (7-inch) colour touch screen

Finishing that adds polish: Produce projects like a pro with automated collating, stapling and other finishing features.

Print on a wide range of media: With built-in 2-sided printing⁸ and the ability to print on diverse materials, you can do more for your business and use less paper.

Innovative toner optimises performance: Get greater system performance with Lexmark's Unison™ Toner, which delivers consistent quality from first print to last

Intelligent workflow. Secure design.

Our advanced system simplifies your work processes and increases productivity. Innovative security capabilities provide maximum protection for your critical business data.

Print anytime and anywhere⁷: With this system, you can print from desktops as well as mobile devices that can run applications.

Enjoy enterprise-level security: Now you can authenticate, authorise and audit employee usage. Plus, you can protect sensitive data using standard network security protocols, data encryption and disk wiping capabilities.

Identify potential risks: Track more than 100 variables and events, including user activity, with Audit Logging. It's designed to work with your intrusion detection system in real time.

Optional productivity solutions: Want to empower your business with workflow solutions that can print on demand, automate tasks and more? Get the solutions-capable MS812de.

Size (mm - H x W x D) / Weight	419 x 425 x 510 mm / 23.66 kg		419 x 425 x 510 mm / 23.99 kg

¹Average standard page yield value declared in accordance with ISO/IEC 19752. ²Printers are sold subject to certain license/agreement conditions. See www.lexmark.com/printerlicense for details. ³Actual Yield may vary based on other factors such as device speed, paper size and feed orientation, toner coverage, tray source, percentage of black-only printing and average print job complexity. ⁴Product functions only with replacement cartridges designed for use in a specific geographical region. See www.lexmark.com/regions for more details. ⁵"Maximum Monthly Duty Cycle" is defined as the maximum number of pages a device could deliver in a month using a multishift operation. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs. ⁶"Recommended Monthly Page Volume" is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage. ⁷Print and copy speeds measured in accordance with ISO/IEC 24734 and ISO/IEC 24735 respectively (ESAT). For more information see: www.lexmark.com/ISOspeeds.

The MS812de is a Class A device according to the FCC Rules and EN 55022/EN 55032 emissions standards. This device is not intended for use in residential or domestic environments due to potential interference to radio communications.
